Test + improve	**Finalize**	**Submit + warm up**	**Release**	**Gather**

01 Test + improve

Keep build 10 in TestFlight and turn feedback into fixes.

- ☐ Test sign-up, sign-in, onboarding, dashboard, and profile.
- ☐ Test habits, studio log, workshops, messages, and notifications.
- ☐ Test challenge timing, photo/video upload, one submission, and 20-point award.
- ☐ Fix crashes, broken uploads, confusing states, and launch blockers.
- ☐ Review progress weekly in Creator Studio HQ + Admin Dashboard.

02 Finalize

Lock the public launch experience.

- ☐ Remove placeholder, fake, and unavailable content.
- ☐ Finalize the first two or three workshops, instructors, dates, and signups.
- ☐ Prepare creator stories and “Why building a creative habit matters” content.
- ☐ Freeze launch scope and create the next iOS/iPadOS build.
- ☐ Run final QA on web, iPhone, and iPad.

03 Submit + warm up

Test the final build and prepare the public moment.

- ☐ Upload the final build to TestFlight and complete the last tester pass.
- ☐ Confirm App Store metadata, screenshots, privacy details, and release notes.
- ☐ Submit the final native build to Apple App Review.
- ☐ Confirm owner access to Creator Studio HQ and Admin Dashboard.
- ☐ Prepare launch announcements, event details, support coverage, and content posts.

04 Release + launch

Release only after the final native build is approved.

- ☐ Release the approved iOS/iPadOS version manually around October 22.
- ☐ Confirm web and API production behavior before public promotion.
- ☐ Confirm Challenge 1 is upcoming until October 24 and awards 20 points.
- ☐ Run the launch event, first-habit activation, workshop signups, and live support.
- ☐ Review errors, signups, submissions, and feedback after launch.

05 Challenge launch rules

- ☐ **Challenge 1: Where I’m From** — opens October 24 and runs for two weeks.
- ☐ Every original response earns **20 AIMD points once** , regardless of medium.
- ☐ Welcome drawings, poems, paintings, songs, dances, photos, outfits, recipes, sculptures, videos, workouts, movement pieces, and other original formats.
- ☐ No extra points for captions, process stories, feedback, votes, popularity, or winning.

LAUNCH BLOCKERS

Crashes · sign-in failures · broken uploads · incorrect points · missing workshop details · placeholder content · unavailable launch surfaces · failed final iOS/iPadOS build.

CAN WAIT

Audio proof · admin-managed challenge scheduling · sponsor tools · large analytics dashboard · longer challenge seasons.

Weekly owner check: feedback → blockers → workshops → content → build status
